

Your design, built as *drawn*.

A general contractor who treats finishes, proportions and craftsmanship as the point of the project. Residential interiors in southeast Fort Lauderdale.

01 Details that hold

Millwork, stone, tile, lighting, metals, glass, paint and hardware, planned and coordinated with the same care as the plan.

02 Selections and schedule, together

Trades, lead times and selections coordinated so the room your client approved is the room that gets built.

03 One direct line

A limited number of projects, and the contractor responsible for them on the phone.

Mike Johnson
GENERAL CONTRACTOR
